Austin Tx, 78723  
(512) 671-0407

Innovative Front-End Developer with 5 years experience building and maintaining responsive websites in multiple industries. Proficient in HTML, CSS, JavaScript; plus modern libraries and frameworks. Passionate about usability and adept knowledge of Adobe Design products and services.

## EXPERIENCE

### GetBackd, Austin, Tx— *Web Developer*

October 2019 - November 2020

Maintain websites and applications. Including content updates, account administration, debugging, feature enhancements and documentations, testing, and regular upgrades to ensure web security and system usability.

Employed mastery of front-end languages (JavaScript, HTML, CSS) in collaboration with in-house designers to create user-oriented visuals and features, increasing site traffic by 2,0000 visitors per month

Identified issues with existing websites, conducted extensive market research, developed concepts for new websites and gained approval to completely redesign the web presence in order to drive additional business.

Developed highly modularized and advanced object-oriented design in JavaScript to ensure reusability, extensibility, and ease of maintenance.

### ShipWell, Austin, Tx — *Integrations Architect*

December 2018 - October 2019

Coordinated software system installation and monitored server functionality to ensure cross-platform functionality.

Develop and direct software system testing and validation procedures in tandem with API Integrations of ELD service providers

## EDUCATION

### Texas A&M University, College Station — *Engineering*

August 2011 - December 2015

Bachelors of Science - Industrial Distribution - GPA 3.7

Sigma Chi National Fraternity
